

International, Inc.

International Turn-Key Suppliers of Commercial & Industrial Refrigeration Equipment

Pre-Engineered Prefabricated Insulated Panel Systems for Walk-In Coolers, Freezers and Refrigerated Warehouses, Blast Chillers and Blast Freezers.

Commercial Refrigeration Products, Condensing Units, Evaporator Coils, Air-Cooled Condensers, Heat Reclaim, Product Coolers, Air Handlers.

Bally Refrigerators, Reach-In Display, Pass-Thru Refrigerators and Freezers.

Industrial Ammonia/Halocarbon Refrigeration Compressors and Custom Designed Systems.

Commercial Packaged Air/Water Cooled Condensing Units and Matching Evaporator Coils, and Air Cooled Condensers.

Industrial Cold Storage Doors, Sliding, Infitting Sectional Overhead and Vertical Rise.

Plastic Strip Doors, Dock Seals, Bumpers, Traffic Doors, Flexible Doors, Strip Curtain Material in Rolls.

Traffic, Fire and Postal Doors

Dock Levelers, Dock Seals and Loading Dock Equipment.

ThermoSpan Energy Efficient, Insulated Loading Dock, Overhead Doors.

Continuous Line Insulated Cold Storage Panels for Cooler or Freezer Building.

Commercial Refrigeration Door Hardware.

Pre-Engineered Metal Building Systems.

Adhered Roofing Systems, E.P.D.M. Membrane Type.

Rapid Freeze Ice Flakers for Land/Shipboard, Fresh Water and Sea Water Applications.

Structural Pallet Rack Systems and Rack Supported Refrigerated Warehouses.

Block Ice Plants, for 1 - 100 tons per day. Blocks from 50 - 400 lbs. each.

Commercial, Industrial & Institutional Lighting for Cold Storage and Processing Plant Applications.

Spiral Conveyor Systems for Blast Freezing and Chilling of Processed Foods.

I.Q.F. Tunnels and Spiral Chillers and Freezers.

Expanded Polystyrene Insulated Panel Systems for Dock Areas, Ante-Rooms, Processing Areas and High Temperature Applications.

Double Contact Plate Freezers Utilizing Ammonia/Halocarbon Refrigerants.
